\*Includes 2" lid depth  
iM2050 and iM2075 lid depth = 1.5"

Storm Cases are the most solid protective cases in the industry. More than just a protective shell, they're integrated protection systems. Manufactured with our own HPX® high performance resin, easy Press & Pull latches and durable soft-grip handles, they're the most comfortable, toughest transport cases available. If you've got sensitive, expensive or vital equipment to move, you need the power of a Storm behind you. We'll even guarantee it for life. That's how sure we are that our Storm Cases will never fail.
